Dear,

Thinking back on our friendship & I realize what a good some of the best times I got to know you so well through as being indoor P.E. assistants together at Wilson. (Like type written note to mrs. Shepard, sewing my pants when mrs. Stiggers walked in, Rebecca-Anne (spelling?), and our million and 1 talks) 10th grade we didn't like each other that much, but this year's been great! Going to all those "fun" meetings at St. Joseph's (they were interesting, though). The picnic (sorry about making you leave after only being there about an hour) I still can't believe it took us an hour and a half to find that place! Anyway, I'll always remember you and though I'm such a bad letter writer, I'll drop a line to you occasionally.

Take care,

Love,

Leslie

Val,
Will it took all year of sitting two seats in front of you but I'm finally getting to know you. Next year in Calculas we're going to have alot of fun (especially with your favorite teacher). We'll be able to show our pearly teeth next year too. I hope I'll see you at Beach Week, but if I don't say - "Have fun this summer" - then, I want to say it now, so have a good summer. See you in Calculas -

Love,

Val,
It's hard to believe that I didn't really know you until this year - it seems like it has been so much longer. You're such an outstanding person - pretty, smart, and to be around to be a running combination! I'm sure that you will be very successful at whatever you strive to achieve, because you have everything it takes to make it to the top. I'm glad that I got to know you - Best wishes.

Love,
Marilyn

Val,
I've known you for a pretty long time now but we've hardly had any classes together all these years. I'm glad we had Espanol together this year. Maybe we'll have a more exciting class together next year! See ya at B.W.

Love, Catherine

From another side of Time

Dear Valerie (Valley belle),
I have really enjoyed having you in my Spanish class this year. I hope you didn't mind me staring at your gorgous body. This year in case you ever want to fool around you can call me collect at the U of F. Good luck in the future,
Love,

Val,
It's been great knowing you all these years. Beachweek last year was a blast. It's too bad we're not staying together ~~next~~ this year. American History has been fun, and thanks for all the help! You are so smart, sweet and cute and I respect you highly. Love ya,
Debbie Scott

Val,

Well I'm really glad for this year Val because I've gotten to know ya. I guess we had the friendship in our blood since our sisters were such good friends for awhile. I hope you've been satisfied with this year I know I have I think it was the best. Your a very nice sweet and beautiful girl, really HOT! And I hope we see each other lots this summer somehow or other I'll be sure to come down to Sun City this summer during Beach week to see ya. Have fun and ryor and Greg be good to each other.

Love ya,

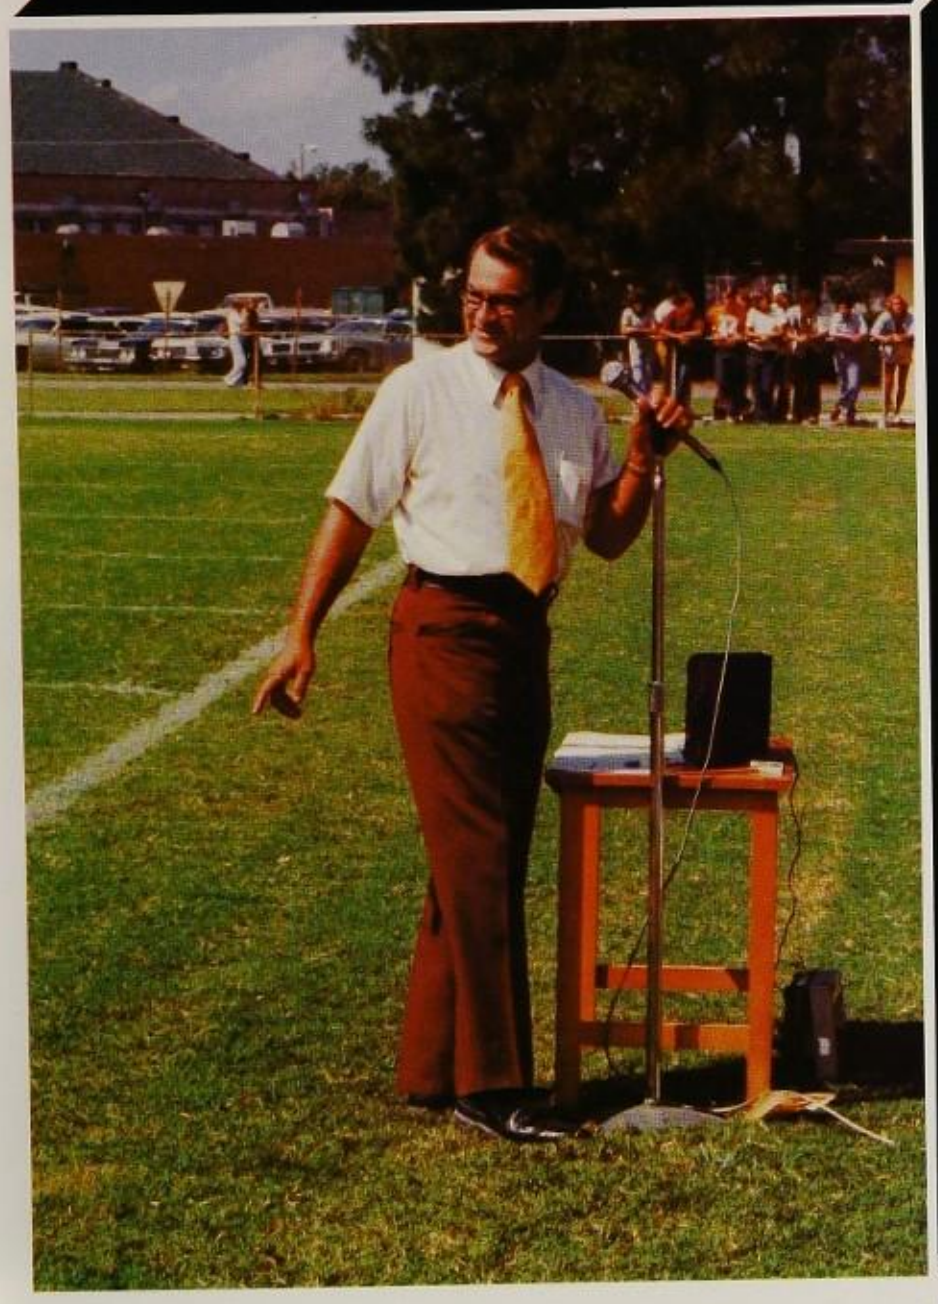
Breaking down the walls of silence



Val,

I hope this year has given you as much as it has given me. If you can't answer this, then let me answer it... you have finally gained the self-confidence that I've been telling you about all year. You've come a long way. It used to be if I asked, "What did you get Val..." you would reply "I'm not telling..." later, it was "... I'm not sure this is right, but..." and now its "... what did you get, Pete...". And thats only one example. Well, I hope you catch my drift...(loony), and I'll have to say good-by until next year, oh whenever. Love, Peter

Let me say that all the things that I have written are all very true. If you decide to ask me to Pantherilla next year, I'll leave it up to you to talk to Keith, if you know what I mean. I hope I am not writting too much, but I CAN'T STOP. Seriously sweet potato, when ever I am around you, you put lumps in my mash potatos. And the beauty of all things

Val,

Let me first say that I am trying to write my best. You know on our first date, I never thought that I would be writting in your annual a year & one half later, but I guess I just got lucky. You know people talk around school about how bad I treat you, well believe I would never hurt the girl that I love so much. I think that even though we've got a little ragged-up at each other at certain times, I can honestly say that since I is uncovered again first met you, you've been my whole life. There is just something about you that is so under- Cat Stevens standing, I guess that is the reason that we've stayed together. Since we first met, we have shared so many things, & had alot of good times togethe. When I go away to school I really don't know what I am going to do because I'll miss you so much. In the back of my mind I have this feeling that maybe someday we will meet & get back again. We both have our whole lives ahead of us & maybe we should go out & explore it. To me you have got to be the greatest girl around. You have taught me so much, & never have I let someone know my true inner feelings. I hope that when I am away [illegible] read this & remember that I

really do care about you. I hope that you will make someone else as happy as you have made me. I know that I am a very jealous person, and I think that was good for us, because if I wasn't, well let's just say that I kept you in line. I was just kidding, I think. I'm really lucky I got you because without you, I would have never made it past algebra 2 & Math a. You will make a great doctor, because I think you will really get into your work, ~~he~~ If you know what I mean.

Outstanding Educators Are Honored

All around us, things are changing. But Plant High has always prided itself on its traditions. One of the many traditions, has been to dedicate the annual to two deserving adults in the school. In the fall, the students vote, and the staff keeps the results a secret until the yearbook is presented. This year's Panther staff is very proud to recognize two teachers who have done a remarkable job in making learning a total experience.

After teaching at Plant for only five years, Mr. Frank Puleo has built up quite a kinship with the students. He has taught Biology, Algebra, and Chemistry, and has sponsored activities such as The Perspective literary magazine and the senior class.

As compared to Mr. Puleo's short time at Plant, Mr. James Robinson has taught at Plant as far back as 1948. Among the classes he has taught are Biology and World History. He supports the school in any way he can and students admire and respect him. He has given a lot to the students of Plant for twenty-eight years. We, the Panther Staff honor both of these worthy men with this dedication.

Come on Get Rowdie!

Pep rallies were more than just a break from class this year. Each Friday brought new surprises and entertainment to the assemblies. Everyone hurried to the stadium from their last class to hear who had won the Spirit Award. Coach Acosta spoke to the corwd about the team goals for the game that night and introduced the team captains. Several presentations were made to outstanding clubs and athletes. The band sparked enthusiasm while cheerleaders fired up the crowd. Clubs kept the cheering loud, making Panther Spirit number one. Pep rallies spurred the volleyball and football teams on to victory.

Changing of Rivals Does Not Dull Traditional Spirit

Even though many of the traditions of Plant were changed, Panther Prowl was still a big success in building up the spirit of the football players as well as the students. Since the biggest rivalry of the year was against Robinson, the main point of jest was the Robinson Knight. Each club worked hard to make their skit the best. Each skit helped to promote the spirit needed to win the game. The skit placing first was put on by LaSertoa and was called "Once A Knight Is Not Enough." Following in a close second place was the Kiwanette skit, along with Interact placing a respectable third place. The highlight of the evening was the traditional burning of the PHS with an added twist of firecrackers.

Spirit Lives On as Tradition Changes

Plant vs Hillsborough; For years spelling out a traditional Thanksgiving Day rivalry, well established through many hard fought football games; games that, through tradition, united the spirit of the student body in support of a common cause.

But, as the changing of Plant's student body has been inevitable with time, so are her traditions subject to changes. So, for all the alterations in Plant's features in 1975-76, including a new student body, there now arose the need for Plant to change and cultivate for a new tradition along with her new looks.

And indeed traditions did change. Plant received a new rival, Robinson, and also a new Homecoming football game with which to settle this growing rivalry. Sparked off with many inspiring speeches and guest appearances by past alumni, this game was the beginning of the Homecoming weekend, completed with a victory dance sponsored by Key and Kiwanettes service clubs.

However, even with all of these adjustments of the old Turkey Day traditions, there is one thing though, perhaps along with the opti mum, which will never fade away with the old traditions at H.B. and that is Plant's undying school spirit. A spirit which was fed by Pep rallies and which in turn led us to clear victory at Homecoming. A spirit which as long as H.B. Plant High's walls still stand will form the very heart of any new school tradition Plant will ever have.

The 15th Annual Powder Puff Football Tournament was held on the night of January 19, 1976. Sponsored by the Junior Class as a fund raising project, this event produced a record crowd. Fans came out to cheer on the Sophomores, La Sertoa, Civinette, Kiwanette, and Optimette teams who had practiced several weeks for the big game. The climactic game between Kiwanettes and La Sertoa went into overtime with only four downs given each team to move the ball. The Kiwi's took first place with La Sertoa as runner-up. Selected as most valuable player was Kiwanette quarterback, Amy Henley.

POP Pleases Students

The Pep O' Plant has changed their format this year in order to interest the majority of students. Under the supervision of sponsor Robert Stinson and editor Cissy Hatton, the staffers worked frantically meeting deadlines and writing stories that would make the Pep O' Plant an interesting paper with added touches of humor. Students were encouraged to get involved with the paper and submit their ideas to link student opinion with the Pep O' Plant. The result? The Pep O' Plant was highly respected and thoroughly enjoyed.

Mysterious Staff Comes Out of Hiding

This year, the 1976 Panther Staff was finally awarded its rightful place in the school. The administration decided it was time to move the devoted, hard-working staff out of their hidden broom closet and into greener pastures. Since the football team needed the field, they moved the anxious staff to room 114, a key location in the school, if you happen to like workmen.

After adjusting to the new surroundings, the staff decided it was time to get to work. First, they proceeded to perform the delicate task of de-bugging the room. Every person in the school was fingerprinted and mug shots were made. It is only proper to include the fact that the Editors of this long awaited book created a new layout style which left Ron Binns of Taylor Publishing Co. spellbound. (Binns could not comment on it at press time).

So once again the Panther staff has proved itself up to the quality of any Plant High organization and went above and beyond the call of duty.

These Are Changing Times

As the typical student changes over the years, so do schools and traditions, H. B. Plant High being no exception. That "same old school" you stumble into at 7:15 a.m. every morning is not quite the same anymore. Renovations in the main building as well as throughout many of the old wings has allowed students to work and study in a more convenient and comfortable environment. With the new phase "air-conditioning," students no longer had to sweat out those Calculus nine weeks exams, in the literal sense, at least.

Tradition at Plant has a new look, too. With the changing of rivalries, the annual Thanksgiving Day football game was changed to a Homecoming weekend, featuring a Plant-Robinson football game, past alumni, and a dance to top it all.

Even with all these new looks and changes being made, student life went on. The calendar of events for the year gave students many directions in which to go. With many different options to choose from service, honor, and interest clubs played an important part in getting the students involved with Plant High activities. Sports brought students closer together with the audience as well as the participants showing support and team spirit. This "strength thru unity" is what makes it all worth another year in the halls of H.B.

Students Dance for Freedom

This year the students of Plant wanted to get into the act of celebrating the two-hundredth birthday of our country. The highlight of the Bicentennial activities during the school year was a dance sponsored by the senior class. It was held at the First Financial Tower and entertainment was provided by a musical group called "Bandit." Another project for this Bicentennial year was the selling of auto tags by the stage band, which allowed the students to become involved by displaying these tags on their own cars.

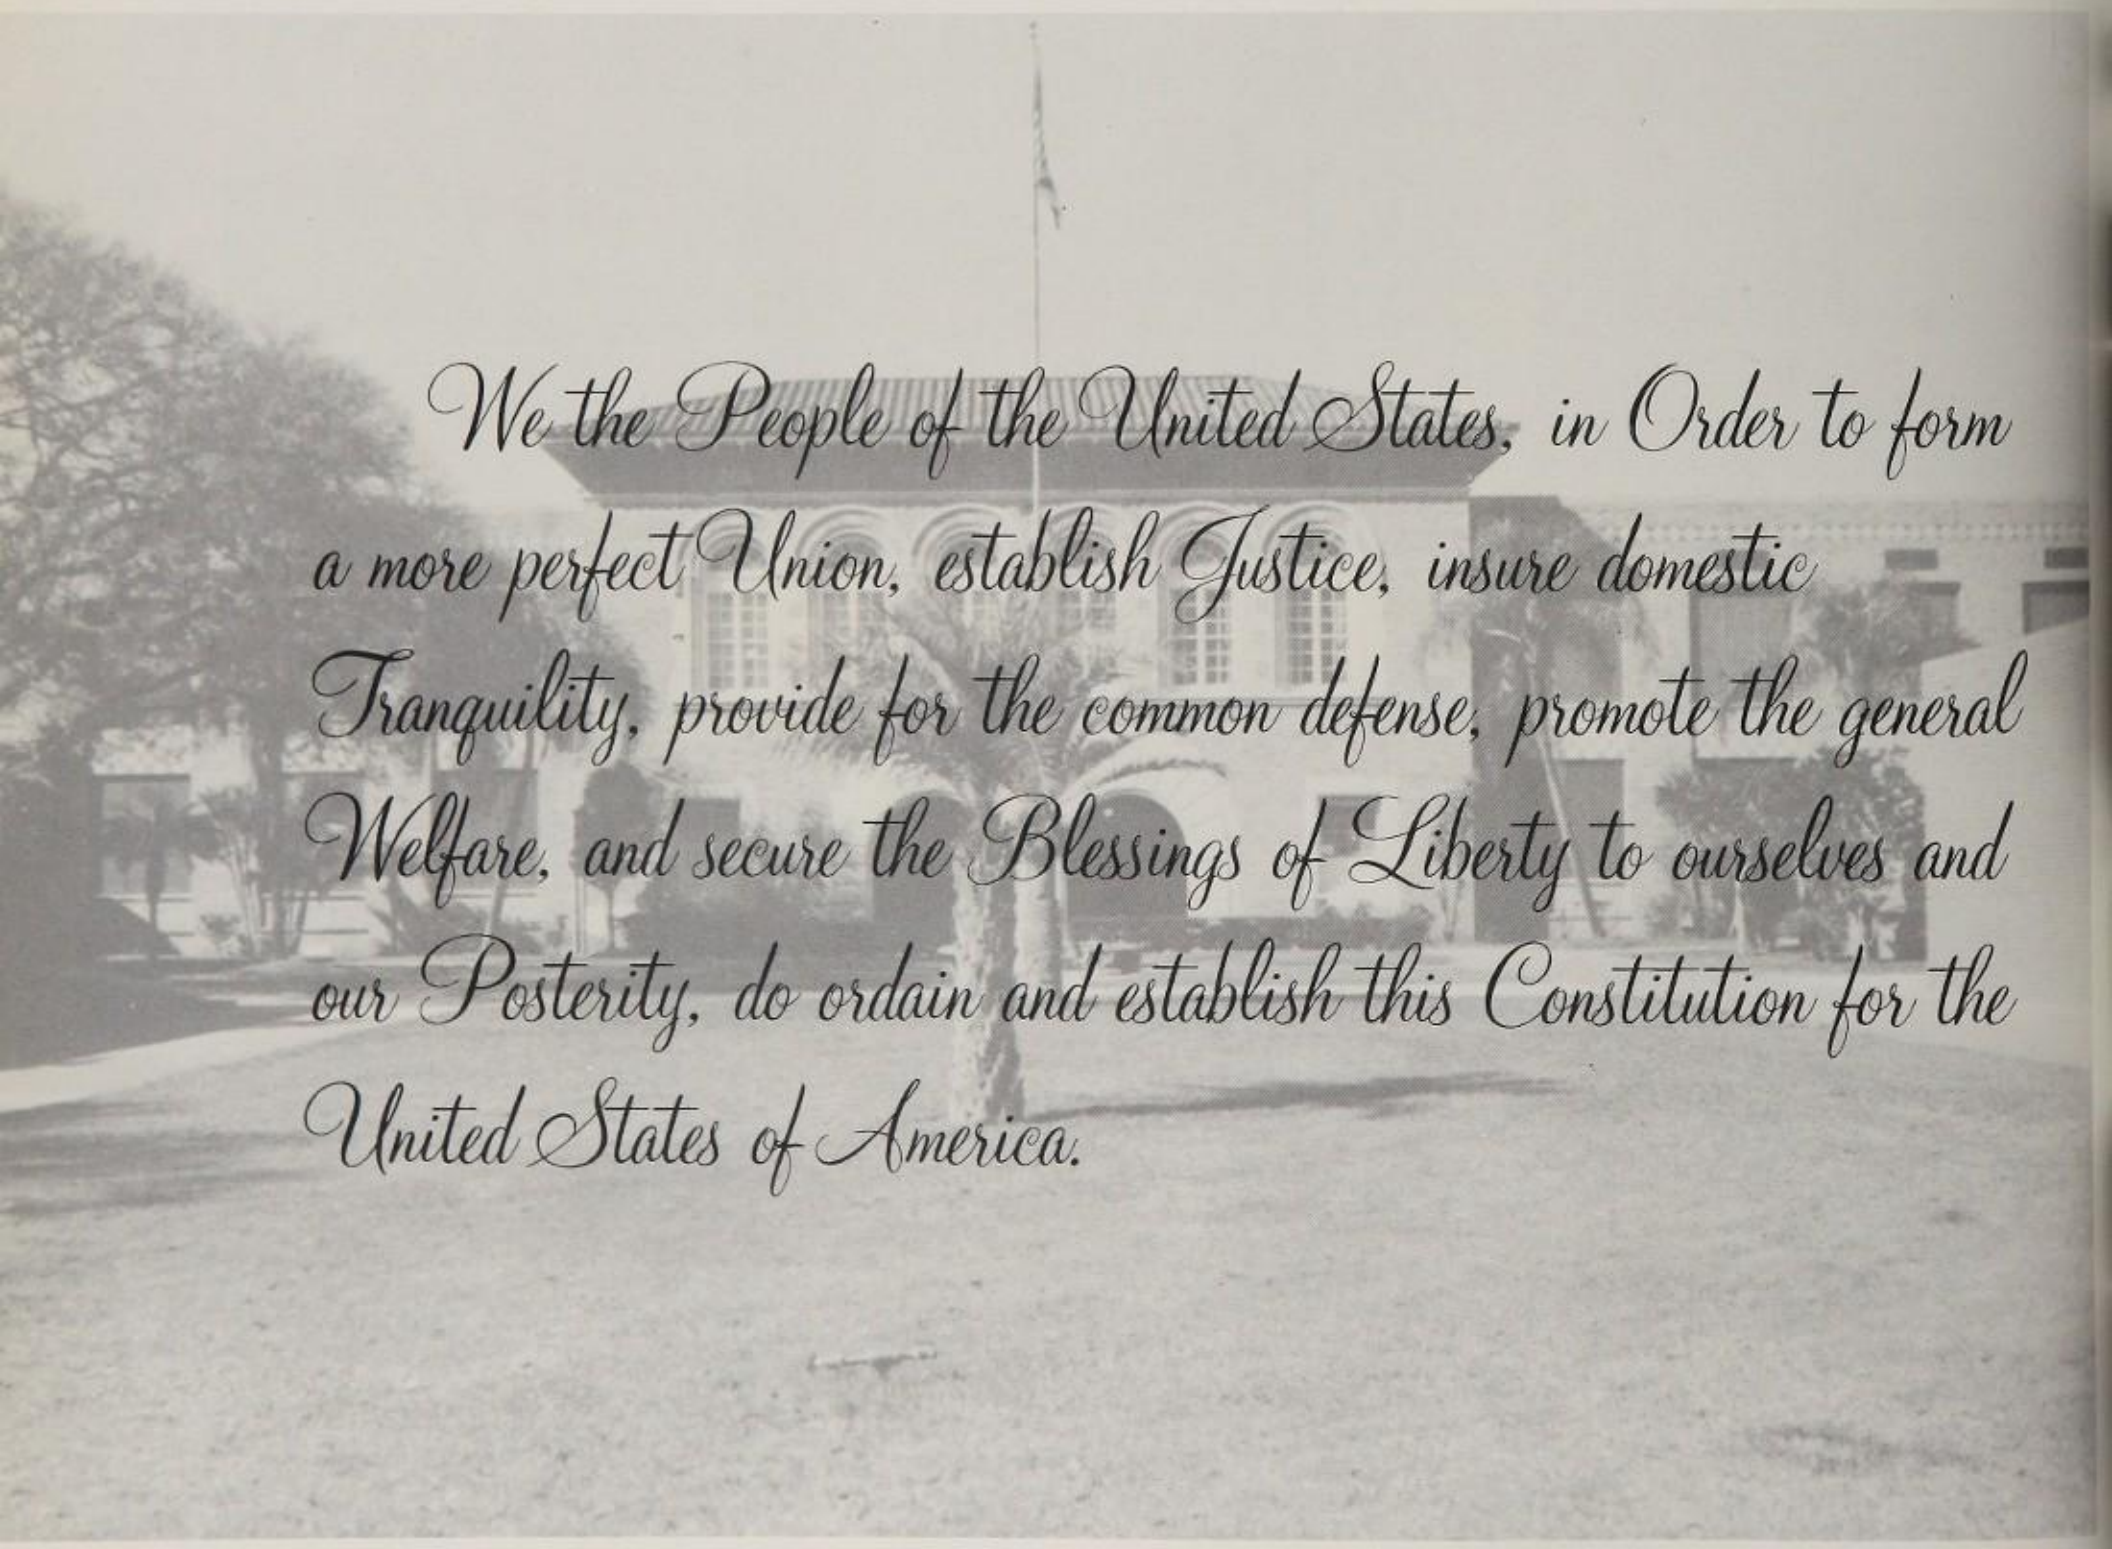
You've Come a Long Way Baby . . .

America is a nation, offers much more than we, as young adults, tend to realize. Do we realize that no other land in all the world has, in so brief a history, contributed so much and asked for so little — only that we live together in peace and freedom? America has demonstrated to us, and the world, the creativity, invention and progress of free men living in a free society, where ideas and aspirations may be promoted to the extent of man's willingness to work and build for his own rewards.

What our forebearers did 200 years ago had never been done before. What we must do today is equally unprecedented. At every level in our society, there is an urgent need for achievement in education, housing, transportation, the arts, communications, new methods of setting goals for the future, increased citizen participation in government. We need to achieve the determination in everything we do to make us more ambitious, like our forefathers before us. We should learn to accept our fellow men as brothers, not as the stereo-type which they may represent.



We the People of the United States, in Order to form
a more perfect Union, establish Justice, insure domestic
Tranquility, provide for the common defense, promote the general
Welfare, and secure the Blessings of Liberty to ourselves and
our Posterity, do ordain and establish this Constitution for the
United States of America.

But There Are Many More Changes to Come.

Administration Handles Change

This year Plant's Administrative offices were moved to a new building in front of the school. Although the new addition was not finished by the time school started, the staff moved in and set up. In spite of the confusion involved with renovation, Mr. Jack Marley, principal, and his staff easily handled the daily problems which arose. Mr. Marley was kept busy with the day-to-day routines of a principal, but said his favorite job was "getting to know the kids." Always on the go, the assistant principals, Mrs. Annamae Johnson and Mr. Paul Gore, aided Mr. Marley with the curriculum and activities. Deans, Dan Riveiro and Thelma Shuman, kept students "in line" throughout the renovation process. All the confusion and mess was well worth the trouble because the entire school has been remodeled.

Peers Counsel Students

A new experiment this year was the addition of a Peer Counseling Program. Selected students were made available during the day to counsel anyone who was in need. Those who felt more comfortable in talking to kids their own age were referred to Peer Counseling for help and advice. Along with easing the ratio of one counselor to every five hundred students, the new program proved the Guidance Office to be more effective this year in reaching the students of Plant.

The new occupational specialist, Mr. Robert McGinnis, helped students to find the career they wished to pursue. Mr. Ernest Zeman, Coordinator of Guidance, with the help of counselors, Mrs. Helen Wingert, Mrs. Lucy Battle, and Mrs. Marguerite Smith, hosted another successful College Night in October. Although heavy paper work and scheduling of classes took up much of their time, the counselors still found time to satisfy the individual needs of students.

Students Find English a Great Challenge

The English Department's purpose this year was to awaken in each of its students an awareness of the English language. The department offered full instruction for practical use of our language in the areas of listening, speaking, writing, reading, and viewing. The increase of each student's vocabulary and his response to literature was stressed. The English Department also encouraged personal development by offering many opportunities for creative expression through oral and written language.

Math on the Move

Under the direction of Margaret Megahee, the Math department offered a wide variety of courses catering to the needs of the individual student. Efforts were made through testing and counseling to place each student at the proper level. Consumer 1, geared to non-college bound students, dealt with income tax, family budgets, and insurance. Field trips and guest speakers encouraged students to explore the world of math. Plant was the only school in Hillsborough County that offered Calculus, a challenging Honor's Course. Many students took advantage of the tutoring program offered through the Adult Education and Community School. The teachers stressed that a background in math would open fields of employment, and students were encouraged to take advantage of the opportunities available.

Social Studies Renews Its Curriculum

Besides the required classes of problems in American Democracy, and American History, Social Studies offered a variety of interesting electives such as Sociology, World Cultures, Philosophy, Bible History, Florida History, Psychology Seminar, and African History. A new Anthropology class added this year was an introduction to anthropological studies. These subjects attracted many students to take these classes, some of which were honor courses.

Construction and remodeling created five new airconditioned classrooms some of which were equipped with wireless earphones so students could do individual work. Also a Social Studies lab was created, which contains audiovisual equipment and a new video tape machine to capture recent events and to help students evaluate themselves by seeing themselves in discussions.

Science Program Places Stress on Environment

In the age of our deteriorating environment, science classes at Plant placed more emphasis on the students' views on the world around them. Teachers promoted interest in their students with the help of experiments and demonstrations. The science department strived to develop student incentive to question the changes and problems of life that surround them. Besides new text books for chemistry classes, most techniques and procedures stayed the same throughout the year.

Language Is a Learning Experience

This year, in our busy foreign language department, the accent was on communication. With the new lab and modern recording equipment, learning foreign language communication skills was a valuable study experience. Through the Exchange program, students are encouraged to visit and to study a language abroad. Two new courses have been added to the department this year. They are, vocational and conversational Spanish. Plant is still the only high school in the county that offers a choice of four languages: German, French, Latin, and Spanish.

Music Department Denotes Enthusiasm

Under the experienced guidance and direction of Mr. John Turner, the Music Department for '75-'76 was starting plans for another spectacular season. Though having the Chorus as an additional responsibility, Mr. Turner set his high standards for scheduled events. The Mighty Marching Panthers, in keeping with the tradition of being the best band in Hillsborough County, proved again that practice and hard work pay off during half-time shows. The Chorus, contending in many local contests, showed that their combination of melodic voices were going to get them a seat in State competition. Together, the talent and enthusiasm that was denoted in this year's Music Department guaranteed another successful season.

Art Shows Creativity

Each year more and more students use art to express their creativity. Projects varied from oil paints and water colors to ceramics and pottery. Many other projects were also formed. Displays were set up around the school to show others the way the art students had demonstrated their creativity through paintings and other art forms.

Ms. Roberta McActee was always willing to help her students in any way. In addition, she was always available to assist in making school props when they were needed.

Studies Aid Students' Interest in Dramatics

An in depth study of various dramatics enriched the understanding of Plant drama students this year. Under the instruction of Mr. Jim Lanier, students studied theater history, set design, improvisation, makeup, lighting design, and character development. Their productions included a comedy, an ensemble, and a dynamic musical. Hard work together with fun made each production a great success at Plant High.

New Law Does Not Affect Driver's Ed.

Plant High's 1975-'76 driver's education program began the year with a new change in the law concerning licensing. This law stated that Driver's Ed. training was no longer an essential to get a license. The enrollment, however, was not affected for two reasons. By taking Driver's Ed., a reduction in insurance is given, and a majority of the students prefer learning to drive at school rather than taking a private course. The three instructors, Coach Phil Maggio, Coach Vince Solamonte, and Mr. Mike Pullara, rotated among the classroom, driving on the range, and "on the road" driving. A new car was purchased so that more students could drive more often. This addition insured a great year for the Driver's Ed. program.

With the addition of Title Nine, schools were required to have more co-ed sports. Plant's P.E. teachers went all out to plan activities the students would enjoy. Popular co-ed classes elected were, gymnastics, tennis, swimming, and red cross senior life saving. All students were required to take one unit of Basic First Aid.

A new sport available this year was soccer. Some of the other sports in the curriculum were, football, wrestling, and volleyball.

Business Education Acquires New Look

Business Education received more machines and office equipment this year. A variation of cassettes were used for shorthand, and typing classes to improve accuracy and speed. There was a library where students could look for needed references. Also, calculators, mimeograph copiers, and IBM keypunch machines were some of the modern equipment added. Business Law was offered for the student who was interested in the laws that govern society. Business Education will continually be expanding and improving their department. Those students who left Business Education were better prepared for their particular fields.

Home Economics Arrives at New Location

With the renovation occurring at Plant, Home Economics was moved to an inconvenient place, where students learned to work without the usual equipment. Miss Cynthia Bauer and Mrs. Nancy Silas worked hard to adapt students to their new facilities.

Economics was a main goal in every class, especially Family and Consumer Economics. Classes such as Family Living and Child Development taught inter-relation among others and to live a more meaningful life. All courses offered this year helped students with skills needed as they reach adulthood.

Students Receive Practical Experience

The Industrial Arts program at Plant made an effort to integrate art with the sciences to create many ways for personal expression. Students were trained in Auto Mechanics and Drafting to provide involvement in both the humanities and engineering fields of Industrial Arts. The department heads, Mr. Stanley Shorey and Mr. Mose Powell Jr., promised a year of practical experience so students would benefit in their post high school careers.

Media Center Adds New Dimension

Plant's Media Center in 1975-'76 added a new dimension to its program. A video tape recorder was introduced, which was used in classrooms and for student presentations. Scripts were written to aid the students in making their presentations better. Carrels were used for undisturbed studying, while students had unlimited use of records as well as microfilms.

The library staff, Miss Theresa Abalone, Miss Vicki Guinta, and a new librarian, Mrs. Beverly McKinney, all helped make the Media Center a better place to learn.

DCT Prepares Students for World of Work

DCT, Diversified Cooperative Training, and Marketing and Merchandising were types of work study programs. They allowed the student to go to school and hold a job at the same time. These classes taught the students to be more aware of money, jobs and people they might meet and associate with.

Marketing and Merchandising was a more specialized study program. It went into banking, building displays, the correct way to have an interview and many other useful subjects.

Cheerleaders Keep Panther Spirit High

Faced with the responsibility of maintaining spirit and enthusiasm throughout the football and basketball seasons, the cheerleaders were successful in their efforts. Though sometimes hindered by rain and cold weather, they managed to bind support for the team which led to many Panther victories.

After being selected by a panel of judges, the cheerleaders attended camp to learn new cheers and develop skills. They held a car wash during the summer to pay for new uniforms. Cheerleaders were depended upon to plan and organize all pep rallies during the year. Mr. Lanier, the new sponsor of the squad, gave all his support in helping the cheerleaders prove that the Gold and Black are best.

Danceros Perform With Perfection

The Danceros, under the sponsorship of Mrs. Ana Golan, presented themselves with much grace while dancing at the half-times. The girls practiced long hours every day to reach perfection in their performances. The Danceros participated in Orientation, Music Association, and the Christmas Concert. Together with the band, they represented Plant at contests and in the 1976 Gasparilla Parade. Showing their school spirit and pride, the Danceros performed many creative dances at the pep rallies. They aroused the crowd by dancing to popular songs such as, "That's the Way I Like It." This year's squad proved to be outstanding.

The Majorettes, under the sponsorship of Mrs. Ana Marie Golan, practiced many long and tiresome hours during the summer and also after school. The girls twirled with batons, flags and fire, and were successful in adding a "touch of class" to halftime shows and pep rallies. Their performances were always appreciated by the entire student body. The girls did a fine job in upholding the glory of P.H.S.

J.V.'s Exalt in Spirit

Many girls came to Plant last spring with high hopes of becoming a J.V. cheerleader. After the final try-outs, eight of these girls were selected to become the J.V. cheerleading squad of this year. These enthusiastic girls did an excellent job in cheering the Baby Panthers to victory at all of the J.V. activities. The girls began to practice during the early summer months so they could learn and perfect many new cheers before the first football game. The spirit and pep of the J.V. cheerleaders was displayed throughout the entire year.

Panther Band Creates a Music Extravaganza

The crowds cheered as the Sound of Soul prepared on the sidelines. Everyone knew that a spectacular halftime was about to begin. The Band with the Golden Sound started out on the field with precision and expertise. The hours spent in practice were all worth it as the spectators rose to their feet. The crowd quieted to listen and gaze as the Plant High Band showed terrific skill and beautiful sound.

This year, the Panther Band was small, but Mr. Turner again organized another great sound. Although it was Mr. T. who put it all together, he had three of the most soul-injected guys to help. Along with keeping discipline, the Drum Majors, showed class by arriving in police escorted motorcades and dancing while directing at halftime.

After marching season, the Panthers settled back and worked on concert music. For some, Stage Band started to open up. In February, the Stage Bands traveled to a clinic in Tallahassee where they received high acclaim. These Bands were the only high school bands to be asked to perform in concerts with Hillsborough Community College and Tampa University. This was yet another contribution to Plant.

The Plant High German Band is a group that is organized every year to entertain the student body at special events. They found a time to meet even during marching season. The Band was under the leadership of Bill Kendrick and sponsored by Mr. Turner. They played at Pep Rallies and had a special fire and smoke show at Panther Prowl. The group also had a job playing at Brewmasters on Saturday nights. German Band was an active and exciting association of musicians that together worked hard and enjoyed it.

Mr. T. Finds Directing Chorus Fulfilling

Under the direction of Mr. John Turner, the chorus of '75-'76 showed spirit and harmony throughout the year. This hard working group was an added attraction to our Bicentennial Halftime Show when they sang to the music of our Marching Panther Band. They also performed for the first meeting of the Hillsborough County P.T.A. The Jazz Rock Vocal Ensemble was a new group added to chorus which created their own flare and excitement. Together they worked in a group effort to produce a sound with which they were pleased. Chorus members had a feeling of accomplishment when singing in public, and they enjoyed the closeness that singing together could bring. At the close of the year Mr. Turner had done a great job for his first year directing chorus.

Student Council Is Hard Working

Our Student Council consisted of a ten member Executive Board and Homeroom representatives. The Student Council promoted unity by organizing special committees to get everybody involved. The Committee of Cheer helped charities, Sports Committee sponsored many activities and tournaments, and the Music Committee had a victory dance, a talent show, and some folk rock festivals. The Student Council published the student directories and the 1976 calendars which came out very successfully. In November, they worked very hard on Panther Prowl to keep the spirit up for the game between Plant and Robinson. Pantherilla arose and many hours were put into it to make it the high point and most memorable occasion this year. This year's Student Council proved to be a hard working organization that always seemed to get the projects done.

Parents Support Plant in Every Way

Panther parents were involved in practically every phase of activity at Plant. The PTSA performed in Panther Prowl. They staffed our infirmary. The College and Career Nights and also Grad Night were sponsored by PTSA. The parents took part in NHS Inductions and held Faculty Coffees on Conference Days. At the end of the year, they presented the annual Humanitarian Awards to the worthy parents, teachers, and students. With one of the largest memberships in the state, the PTSA proved its love for Plant.

The Booster Club's purpose this year was to facilitate excellence in all Plant athletics. To raise money for projects members sold Panther pins, held a raffle, operated the Christmas Tree lot and the concession stands, and manned the parking lots during games. The Booster Club supported the football program. Football was not the only sport they backed. The parents supported all boys' and girls' athletics. They supplied the needed uniforms and equipment for many teams at Plant. The Booster Club contributed to the band, Chess Club, and Pep Squad. Their big project for the year, an Athletics Building, was enthusiastically approved by the School Board.

Mrs. Paul Hogan, president-elect, and Mrs. Lester Ryals, president, are tickled over the fact that Plant has more than four hundred student members of the PTSA this year.

They had regular meetings to discuss any changes in the club rules. In addition, they made decisions on problems that any of the clubs might have. The president, Cissy Hatton, and Mr. Paul Gore, the sponsor, worked closely to make the council a great success.

Each year Optimettes prove their value to the community by participating in varied service projects. This year these projects included collecting for UNICEF, selling tickets to a benefit for the retarded children, and contributing to the Leukemia Foundation.

To provide service to the school, the Optimettes followed their tradition of selling Opti-mums for the homecoming game. Along with the other clubs, the purple and gold went to every pep rally to show support for their team.

Under the guidance of Mrs. Terry, the Optimettes showed their value as a truly devoted service club.

Key Serves School

Keeping up the Key tradition, of serving Plant and the community, members of the club were involved in many school projects, among them were sponsoring the first annual Homecoming Dance, and having a get together for the Seniors after their placement tests.

The club showed concern for the community by participating in a canned goods drive for needy families, and walking in the prevention of blindness walkathon. Throughout the year Key club provided many services to our school.

Kiwanettes Provide Help

Kiwanettes help the community in many ways. Some examples of their accomplishments are assisting the big sisters association to give companionship to children, participating in the Cerebral Palsy Walkathon, and helping the Junior Museum to perform shows for many elementary school students. The first annual Homecoming Dance at the Riverside Hilton was another successful project they sponsored. The Kiwanettes also participated in Panther Prowl, by performing a skit, which honored them with second place.

Keg Starts New Service Projects

This year was Exchange Club's first year of planned service projects, since they came to Plant last year for the first time. Their service projects included participation in the Cerebral Palsy Walk-A-Thon, selling donuts, and patronizing Independent Ice Co. Exchange club was more commonly known around school as KEG, which stands for Keep Exchange Growing. Since they did not have a skit in Panther Prowl, they generously offered their services at the gates, collecting tickets and handing out programs.

L.S. Has Busy Year

This year La Sertoa had one of their busiest years. Some of their many service projects included Cerebral Palsy Walk-A-Thon, collecting for UNICEF, selling pens for the Lighthouse of the Blind, supporting Meals on Wheels program and visiting the Old Folk's home. They also entered the skit "Once A Knight Is Enough" in Panther Prowl while guiding sophomores at orientation and sponsoring the Calendar Dance in December. La Sertoa was sponsored by Pam Ford.

Civinettes Keep Active

This year Civinettes were as active as ever. They engaged in many service projects: for October they gave prizes for the patients in Tampa General's Children's Ward to add some cheer to their stay in the hospital, they sold Christmas cards for the "National Association for Retarded Citizens," and presented a Bicentennial service project. They participated in the car motorcade, Panther Prowl, and also Powder Puff football. Civinettes' biggest fund raising project was Twirp Twirl, which they put much time and effort into. The Civinettes were sponsored by Ms. Wolf.

Civitans Contribute Their Services

Civitans, sponsored by Civitan International, this year continued to contribute services toward Plant and our community. To begin the year, they had a carwash to raise money for future projects. They participated in the Cerebral Palsy Walkathon in mid-October, and together with Civinettes they were in Panther Prowl and held the annual Twirp Twirl Dance. Their accomplishments were many, under the sponsorship of Coach Darlee Nelson.

Interact Gets Things Done

Interact was an active boys service organization that was sponsored by the Interbay Rotary Club. They entered a humorous skit entitled "Under Panther" in Panther Prowl, which won third place. Interact service projects numbered many, and included various forms of painting, and planting plants in Plant.

Interact's successful year was made possible through the efforts of the club executives who organized projects and kept everyone spirited and interested in the club. The club members helped by being cooperative and present at activities when they were needed.

Pep Squad Is Always on the Go!

The Pep Squad worked extremely hard this year to pay for their new uniforms. Some of their money making projects included, a candy sale, car wash and pennant sale. They helped Dad's club, by selling programs at Football games. With their share of the profit they bought gold and black pom poms.

The weekly meetings were conducted by the Pep Squad sponsors, Miss Smith and Mrs. Coleman. At these meetings the members practiced cheers and discussed their projects. The girls had an exciting and successful year and did a great job keeping the school spirited.

Le Cercle Francais

Promoting French culture and language was only one of the functions of the busy French Club. Under the sponsorship of Mrs. Renee Fisher, the club supported and worked along with Tampa's Alliance de Francais. A field trip was planned to U.S.F. for members to attend French classes taught at the college level. "Le Cercle Francais" participated in Language Awareness Month by posting various French phrases around Plant. A popular interest club, once again this year, French continued to keep active.

Another Pan Am party??!!

Pan American Has An Active Year

Popular with many students, once again, the Pan American club remained one of the largest interest clubs at Plant. The year began with a formal induction party in October. Pan Am helped the Language Department by raising money to put on "International Night." Under the sponsorship of Mr. Frank Guggino, the club planned various trips, one to St. Augustine at which members could attend at reduced rates.

German Club Ist Gut

The German Club of Plant did their best to promote German culture this year. They celebrated the traditional Saint Nicholas Day with a party and sang Christmas carols in German at a local nursing home. Members were treated to a German brunch on the patio during school in October. Plans were formulated for the entire club to dine at a German restaurant in Sarasota at the end of the year.

One of the members, Paul Atkins, was the editor of the state-wide German newspaper, Die Zeitschrift.

German students went to Jacksonville in January for the Florida Association of the Students of German convention and contest. The 1975-76 officers were Laura Alfonso — president, Lanier Harper — vice pres., Teresa Bingham — secretary, Scott Pender — treasurer, and Jeff Lockwood — historian. Mrs. Fisher sponsored the German Club.

Plant Hosts Forum

The Junior Classical League, formerly the Latin Club, hosted the district Latin Forum at Plant this year. Held in March, the meet challenged other clubs from the area to compete. Although the host school could not participate in the March forum, the Plant club had hopes of traveling to Jacksonville for the state contest.

This year's Latin Club officers were John Hall — president, Connie Stone — vice pres., Jean Freeman — secretary, and Kevin Sowers — treasurer. Jr. Classical League sold taffy to raise money. The Latin students also celebrated National Latin week during second semester. Mr. Guggino was Jr. Classical League's sponsor.

Drama Club Has Successful Year

The Plant High Drama Club under the direction of Jim Lanier, had three successful productions this year. The first play was a drama entitled *Lord of the Flies*. On the same night, a small production called, *Children and Their Birthdays,* was also performed. Later on in the year the production of *A Midsummer Night's Dream* proved to be a great success.

The Drama Club allowed students to display creativity in acting, set design, lighting, and music. The club achieved their main goal, "to instill appreciation of the drama throughout the student body and faculty as well."

Scuba Club Is a Growing Organization

The scuba club, under the direction of John Brandenberger and Ken Otero, had a rewarding year of service and achievement. The scuba club was organized to assist students in obtaining information concerning the use and precautions of scuba diving equipment. The club was also concerned with announcing the local dives available for certified divers. The club planned a trip to Seaworld in January to better familiarize their understanding of marine life and habitat. Also, a trip to the Keys was planned for early in the summer to look at the many types of sealife that inhabit that area. The scuba club is fast becoming one of the better clubs at Plant High.

Division Is Beneficial

The division of the Science-Ecology Club into two separate organizations proved to be beneficial as members became increasingly aware of the chosen branch through participation in a more intricate research prospectus now offered by each.

The science branch strived for the development of a Science Research and Participation Program. This program would allow any interested student to set up and work in-depth and independently on a science-oriented project at the science laboratories of University of Florida.

The ecology branch hoped to make students more conscious of the ecological needs of their community through beautification, Christmas tree mulching, recycling of old newspapers, and an anticipated plant sale for an end of the year project.

Both branches, under the sponsorship and help of Mr. Edward Stalworth, members planned to make this year's Science-Ecology Club one of action.

Computer Is Essential

Again, the computer proved to be essential and useful for the resolution of math computations and analysis put forth by this year's members of the Math-Computer Club.

Under the sponsorship and guidance of Ms. Suzana Burns, students hoped to practice and put to good use skills developed during these math awareness club sessions. Ms. Burns put forth an effort to create a better understanding in all fields of math.

Joining the Cause

Encouraging interest in its cause, the History Club provided students with a way to involve themselves with the aspects of our government structure during its two hundred years of existence. A trip to the state capitol Tallahassee, in which the club could talk with and observe the Florida Legislature while in action, was proposed to further their involvement.

The History Club was run under the leadership of Mr. Jack Bentley. Gratitude was shown for his help and guidance through the first annual Bentley Roast. This Roast gave the past club members a chance to come back and join this year's club members for lots of fun and joking.

Photography Develops Interest

Under the sponsorship of Miss Guinta, this year's Photography Club showed by an enlarged membership that photography is becoming increasingly popular at Plant. Members developed skills through an active participation in individual and group sessions, as they worked on projects of personal and club interest.

Fund raising projects, like the Christmas cupcake sale, proved to take on positive aspects helping to provide the club with desired new photography equipment. In the spring, club members shared their techniques and applications in their annual picture shooting "safari."

Team Effort Assures a Top Position

The Plant High Chess team started preparing for a rigorous competitive schedule early in the year hoping to recapture the title for Southeastern High schools. This title, won two years ago, has since been the goal of all succeeding chess teams formed at Plant.

Coached and sponsored by Mr. A. P. Stone, the Chess team foreshadowed a season of success by winning their first meet. Team effort plus cooperation assured a dominating position in the struggle to keep on top for the remainder of a tough season of competition.

Library Club Has a Successful Year

The Library Club was an active interest club this year. In the spring, they made paperback books available to the students. They sold cupcakes to raise money for many upcoming projects. The girls sponsored a speaker from the Public Library to help members understand more about library science. The students took a tour of the Tampa Tribune Library. The members were sponsored by Terry Abalon and Beverly McKinney. Most of the girls are library assistants during school hours. The club had a very successful and learning year.

Bible Creates Harmony

The Bible Club, one of the newest interest clubs at Plant, proved to be a rewarding experience this year. Under the sponsorship of Mrs. Virginia LaBrot, the club met each interest club day to listen to guest speakers, and have discussions on various topics. At every meeting the atmosphere of fellowship and enjoyment was present, and each individual could express his opinion freely. The president, Skip Savage, did a fine job in aiding the Bible Club at all meetings.

Club Explores Business

The Commercial Club was organized to further introduce students to the business world. All members were enrolled in some type of Business Education course at Plant. Guest speakers from the business community were heard each interest club day. Although primarily concerned with careers, the club reached out to help others. They made Christmas stockings for abused children and Easter baskets for the children of convicts. The club had a bake sale to raise money. Mrs. Morehead and Mrs. Ranon sponsored the Commercial Club this year.

DCT Orients Students

Instruction given in the Diversified Cooperative Training Club (DCT) once again proved to be a vital link in development of opportunities for respective career goals upon graduation of high school. With a concern for those students who did not plan pursuing a college education, Mr. J. Robert Jamison, the club sponsor, helped the students determine the aptitude that he or she would be best suited for and guided them as they obtained advanced training while at their respective jobs after school.

DCT provided a variety of classes in which the techniques and basic strategies of today's business related society were taught. These classes, along with the minimum fifteen hour work week, helped secure for the DCT club members opportunity for expansion and advancement in their particular fields of study.

DECA Provides Business, Advertising Techniques

The Distributive Education Clubs of America (DECA) was a club organized to enhance market and retail career skills. This club not only taught the proper techniques in running a small business but also helpful tips on the attitudes that should be expressed in selling a product.

Projects put forth by the DECA club members provided first hand experience in the business and advertising worlds. Mr. Boyle, who sponsored DECA, agreed that attitudes expressed by members of the club foreshadowed their future success as business men and women.

Outstanding Seniors Receive Special Honors

One of the most treasured awards given at Plant each year is the Golden Panther Award. This award was given to one outstanding senior in each academic area who showed impressive leadership and aptitude in that field. These seniors also showed more interest in the subject than anyone else.

Mr. Marley, who started the Golden Panther Award in 1973, presented them to the students at the Awards Assembly held in May. The department heads chose the students to whom this significant award was given.

Seniors Are Honored for Their Outstanding Efforts

Each year five percent of the senior class is admitted into the Hall of Fame, which consists of the top honored students of Plant. These students were selected by the faculty at the end of the first semester.

Chosen on the basis of service, character, scholarship, and leadership, the eligibility requirements were a 2.5 scholastic average and an overall "B" average in conduct.

The honorees were not announced until Mr. Marley presented the 1975-1976 Hall of Fame to the student body at the Annual Assembly in May.

These students have put in a great deal of time and effort to our school, and being given this high honor is the faculty's way of recognizing them for all their appreciated contributions.

Students' Creativity Is Honored

Quill and Scroll is a National Honor Club designed to honor students who excel in journalism. Students wishing to try-out for Quill and Scroll had to be either on the Annual or Pep-O-Plant staff, write a paragraph on why they wished to be in Quill and Scroll, and submit three examples of their work. The applicants were judged by Mr. Robert Stinson, the club sponsor. Work by these fine students is well worth honoring, as their artistic endeavors and creative exploits will always be admired by the wonderful students, faculty, and staff of Plant.

Involved Panthers Receive Recognition

Students who have shown outstanding leadership, participation, and interest in all Plant oriented activities were rewarded by being admitted into the Order of Gold and Black. Applications that listed all activities were passed out to those students who qualified. Each activity had a point value. These applications were turned into Mr. Ernest Zeman, the club sponsor. Together with the Gold and Black members, the students with the highest scores were asked to join the club.

New I Dare You Members Selected for '75-'76

One of the hardest clubs to attain membership in is I Dare You. This club is made up of the best academic students at Plant High. Each member must obtain a straight A average in grade and conduct for two consecutive nine weeks periods. After the qualifications are met the students are inducted into the club. This year inductions were held twice.

The club's sponsors, Mrs. Eva Mae Oeffler and Mrs. Marguarite Smith, worked to keep the clubs standards high and to make sure each member completed all qualifications.

NHS Keeps the Tradition

Being a member of the National Honor Society is one of the most treasured honors any student can acquire. Membership is not easy to achieve. Every student must be voted on by his teachers and also have a 3.3 academic grade point average. Inductions are held in the spring so that the old NHS members may induct the new ones.

The National Honor Society resumed an old tradition that had been abandoned in recent years. This year NHS members made voo-doo dolls in the Robinson colors for the homecoming game. The dolls not only built school spirit but also profited the club.

The sponsor, Miss Eason, attended the meetings, always coming up with new ideas.

New Honor Club Presents Mathematical Honorees

A new honor club appeared this year at Plant. The club saluted students that academically excelled in Math.

Eligibility requirements were that a student take four semesters of math courses maintaining a high B average, the student must also have an overall B average in all other subjects taken.

The math honor club held many different goals. Some of them included preparing students for higher levels of math as computer programming and college courses. Mrs. Susana Burns actively sponsored the club.

Executive Internship Offers Many Advantages

Executive Internship enabled many high school students to spend a full semester with adults in a specific job. An interview was necessary for the students interested in becoming an intern, if chosen they pick the job they would enjoy most. Some jobs included are working with Channel Eight and assisting judges. All of the interns attended many weekly discussions to help promote a better understanding of their job. A successful internship helps lead to future employment. The interns addressed many classes on their views and opinion of internships. Full credit was given to the interns for the semester.

Language Honor Societies Recognize Outstanding Language Students

The Spanish Honor Society rewarded a large number of students of spanish and encouraged their continued study of the spanish language. They also studied the different cultures of the peoples of the Americas and of Spain.

The Spanish National Honor Society was sponsored by the American Association of teachers of Spanish and Portuguese. Mr. Dayan sponsored the club.

French Honor Society, under the direction of Mrs. Fisher, sponsor, and Raymond Lyn, president, led the members of French Honor through a very fulfilling year. The French Honor Society planned many field trips to explore and study the French cultural influence in our city.

Students who showed excellence in the field of German studies became members of Delta Epsilon Phi the national German Honor Society.

Any student who completed the requirements of four semesters of a language maintaining a 3.5 grade point average became eligible for membership in that language honor society.

Band Honor Has Great Year

The Band Honor Society was once again a fine and outstanding Honor Club here at Plant this year. The club consists of those who were in the top twenty-five percentile of the Band, Danceros, and majorettes. The students chosen, were each evaluated on scholarship and character. They must have had an "A" average in Band, and at least a "C" average in all other subjects. Eligibility was based on enthusiasm, musical ability, and outstanding leadership at all band concerts and halftime shows. Under the sponsorship of Mr. John Turner, the Band Honor Society continued to do helpful service projects and to show leadership and responsibility in all band activities.

Outstanding Athletes Rewarded for Skills

The Lettermen's Club of Plant honored all athletes who had received a letter. The gold capital P was awarded to all those who were outstanding in any of the eight varsity sports, such as football, tennis, baseball, basketball, golf, track, wrestling, and swimming. Also included as members of the group were the Danceros and Cheerleaders who had served at least two years in the squad. Lettermen displayed their letters and bars on jackets and sweaters. Strictly an honor club, Lettermen's was sponsored by Coach Roland Acosta.

Panthers Achieve Near Perfect Season

The 75-76 Plant Panthers put together an astounding football season behind the leadership of Coach Roland Acosta and his staff. The team accumulated a 10-1 season starting off with a decisive victory over Plant City. Next they traveled to Hillsborough to meet the Terriers in a two day contest with the Panthers coming out victorious. The following two wins included an easy win over Tampa Bay Tech and a defensive shutout over Leto. The fifth game brought 9,000 cheering fans to Dads Stadium to watch two powerhouses, Plant and Brandon, meet in a battle of unbeatens. By the end of the game Plant retained its unbeaten status. The following Friday the Panthers' hopes for a play-off spot were shattered by their untimely sixth game loss to a powerful Jefferson team which happened to be Plant's closest contender for a play-off bid. The Panthers continued their winning ways with wins over Tampa Catholic, Chamberlain, and their greatest offensive showing over East Bay with the Panthers rolling up 35 points. The final game pitted Plant against arch rival Robinson in which the Panthers won 28-6. After the Robinson game the Panthers were invited to the Apollo Bowl, a postseason bowl game which Plant was allowed to go to following a School Board ruling changing the policy of no postseason games. No one can realize the hard work and determination that these players and coaches put into their season to produce this outstanding record.

The Apollo Bowl

On November 29th the Plant Panthers traveled to Titusville to play in the Apollo Bowl. This was Plant's only post season football game after a single loss to Jefferson kept them out of the State Playoffs. It was an explosive offensive game with two high powered offenses battling it out. In the end though it was a tough, aggressive Panther defense that held to preserve the victory over the Fort Lauderdale Nova Titans. The Apollo Bowl gave Plant High a chance to test their strength against another football team outside of Hillsborough County. The win was a very important one for Plant, giving the '75 football team its tenth win, a feat equalled by only two other Panther football teams in the school's history.

Baby Panthers Have an Impressive Season

The 1975-'76 Baby Panthers had an outstanding season, finishing with 5 wins and 1 loss. The team, led by Coach Vince Sussman, overcame an early season loss, to finish the year with three straight wins. The season opener found the Baby Panthers at King, and they returned home 15-14 winners. Next week, the J.V.'s were at home, and they blanked Tampa Bay Tech 14-0. The team traveled to Brandon the following week and suffered their only defeat 14-0. Frustrated by the loss, the Baby Panthers took it out on East Bay, destroying them 44-6. After a 27-7 pasting of Chamberlain, the Baby Panthers got revenge for the Varsity with a hard fought 14-12 victory over Jefferson in the final game of the season. The valuable experience obtained by these boys will assure a strong Varsity team for the coming years.

Cagers Improve as Season Progresses

The 1975-76 Basketball Team saw a tough schedule in Western Conference play as well as in out of conference competition. The Cagers started the season off on a winning note with victories over Tampa Bay Tech, East Bay, and Brandon. The next week the Panthers were soundly defeated by a tough Plant City squad which seem to spell the course for the remainder of the first half of the season. After the Plant City game the team suffered very tough defeats by Jefferson in regular season play and in the Christmas Tournament. Chamberlain, Robinson and also Hillsborough defeated the Panthers. The Cagers ended the first half with a 5-6 record.

The second half showed what Coach Dyer had been hoping for — improvement. Although the opener was loss to Jesuit in a thriller 59-53. The Cagers got back on the track with victories over Tampa Bay Tech, East Bay, Brandon, and Plant City. The next three games the team lost again at the hands of Chamberlain, Jefferson and Robinson. The final games the Panthers prevailed with wins over King, Hillsborough and Leto to end the second half with a 7-4 record.

This year's team deserved much credit. Although their actual record wasn't outstanding the Panthers showed what true athletics is all about. Despite barely breaking .500 in the win-loss column, the Cagers showed exceptional teamwork. Other teams would have had serious problems and troubles but the Panthers had no dissention what so ever. Coach Dyer throughout the season pulled his team together and showed them in the end that they could be winners.

This year's team captains were Eddie Gonzalez, Clark Mixson, and Lee Davidson. Junior Rudy Crawford was the offensive standout with 311 total points and a 14.8 scoring average. Crawford also led in rebounds. Although the statistics don't show it, one of the most important players on the court was Ed Gonzalez. He consistently held the team together and was definitely the team leader. The Cagers ended their season with a 12-10 record.

Girl's Team Has Victorious Season

The 1975-76 Girl's Basketball team had a very impressive season and was in contention for the Conference crown all season. Coached by Pam Ford and assisted by Earl Lane, the team posted a fine 16-5 record. The girls started the season red hot with seven straight wins before a close 45-43 loss to Jefferson broke the streak. Next week the team beat arch-rival Robinson 32-31, in hotly contested game. Two straight losses followed and the girls' conference hopes were dimmed but seven straight wins, including victories over Jefferson and Robinson, put the team back in the conference race. The next week, the girls were eliminated, but, with many returning players, the team looked very strong for years to come.

J.V.'s Have a Fine Season

The 1975-76 J. V. Basketball team, coached by Darlee Nelson, had a successful season. The team posted a 12-8 record and had a host of good looking varsity prospects. The overall success of the team was due to a good aggressive defense and a sound offense. The season opener found the Baby Panthers at home against Hillsborough and they lost a heartbreaker 62-59.

The team bounced back behind Steve Pyle's 21 points to defeat Jefferson 66-61. A series of wins and losses followed, until the J.V.'s finally put together a winning streak beginning with Chamberlain. Led by Byron Irving, the team proceeded to win 3 out of their last 4 games to finish a great season. Under the direction of Coach Nelson the spirit of the J.V.'s never dulled.

Track Team Has Rebuilding Season

The 1976 track team had a rebuilding year with only twelve returning lettermen for the boys' team and four for the girls' team. The boys' team, coached by David Conrad, had a fine combination of talented newcomers and returning lettermen. They were especially strong in field events and intermediate hurdles, headed by Bill Jamison, Jeff Bronson, and Lamar Cox. The girls' team, coached by Linda Coleman, although mostly inexperienced improved as the season progressed. Due to the condemnation of Plant's track, both teams had to practice on the Coleman Jr. High track. The two teams had a tiring schedule with two meets a week from March until late April.

Plant Volleyball Is Best in State

On November 22 the dreams of the Plant High Volleyball team came true. On that Saturday night the Spiking Panthers walked out of the Plant High Gym with the state volleyball crown. Miss Nowlin coached her girls through a 14-4 regular season record and a final 20-4 record following District, Regional, and State playoffs. These girls who call themselves the "Spiking Panthers" had not had the luxury of a home game the entire season until the State playoffs. The Panthers were also the first 4-A Champions ever. Each victory was a team effort but some individuals won outstanding awards. Barbie Kitt and Laura Figueredo were named to the All-County first team while Janet Wheatley was named to the second team. On the All Western Conference team Barbie and Janet were named to the first team while Laura made the second team. Also receiving honorable mention was Ellen Karpay. We can all admire the accomplishment the team has achieved through hard work and obvious dedication.

Swimmers Plunge for a Fantastic Season

The 1976 Panther swim team anticipated a winning and improved season. Coached by Miss Maureen Sullivan, the tankers practiced many hard hours at the start of the season in January. The boy's team, with nine returning lettermen, proved to be strong in all events. Leading swimmers on the boy's team included: Brian Blatt, Greg Jones, Marty Mercer, and Joel Weaver. The girl's team has expanded and become stronger in events. Leading girl swimmers included: Debbie Nelson, Ann Weldon, Katy Mercer, Carol Mercer, Janice Williams, and Pam Wilcox. This year's captains were Greg Jones and Marty Mercer for the boy's team, and Jan Williams and Patti Noe for the girl's team. Team Encompasses Wide Variety of Skills

Again looked upon as top-notch contenders for the Western Conference series title, the 1976 Plant High baseball team began practicing. Starting their practice early in January, the team showed outstanding skills encompassing a wide variety of areas including pitching, hitting, and catching. With many returning lettermen, such as Wilfred Ramos, Harry Linn, and Steve Dison, even State title did not seem out of reach.

Trained by an excellent coaching staff, which included David Fyfe and Rudy Granda, this year's baseball team did not have any trouble saying they could easily be ready for the toughest of competition in their '76 season.

Tennis Teams Repeat With Super Seasons

The 1976 boys' and girls' tennis teams looked forward to a great season with many returning players. The girls' team, coached by Miss Ellen Nowlin, worked long and hard each day striving for perfection. The boys' team, coached by Phil Maggio, had unequaled depth with the return of twelve outstanding players from last years squad. For both boys and girls, the competition for the top seeds was fierce. Grapplers Gain Winning Season and Place Third in District

The Plant High wrestling team went far this year, wrestling their way to a winning season.

The wrestlers under the supervision of Coach Sussman got in top physical condition by weight training and running, the team's long and hard practice paid off with a victorious season for the team.

Since the wrestlers compete with athletes in their respective weight class ranging from the 98 pound to the unlimited class they required a great amount of stamina as well as determination during competition.

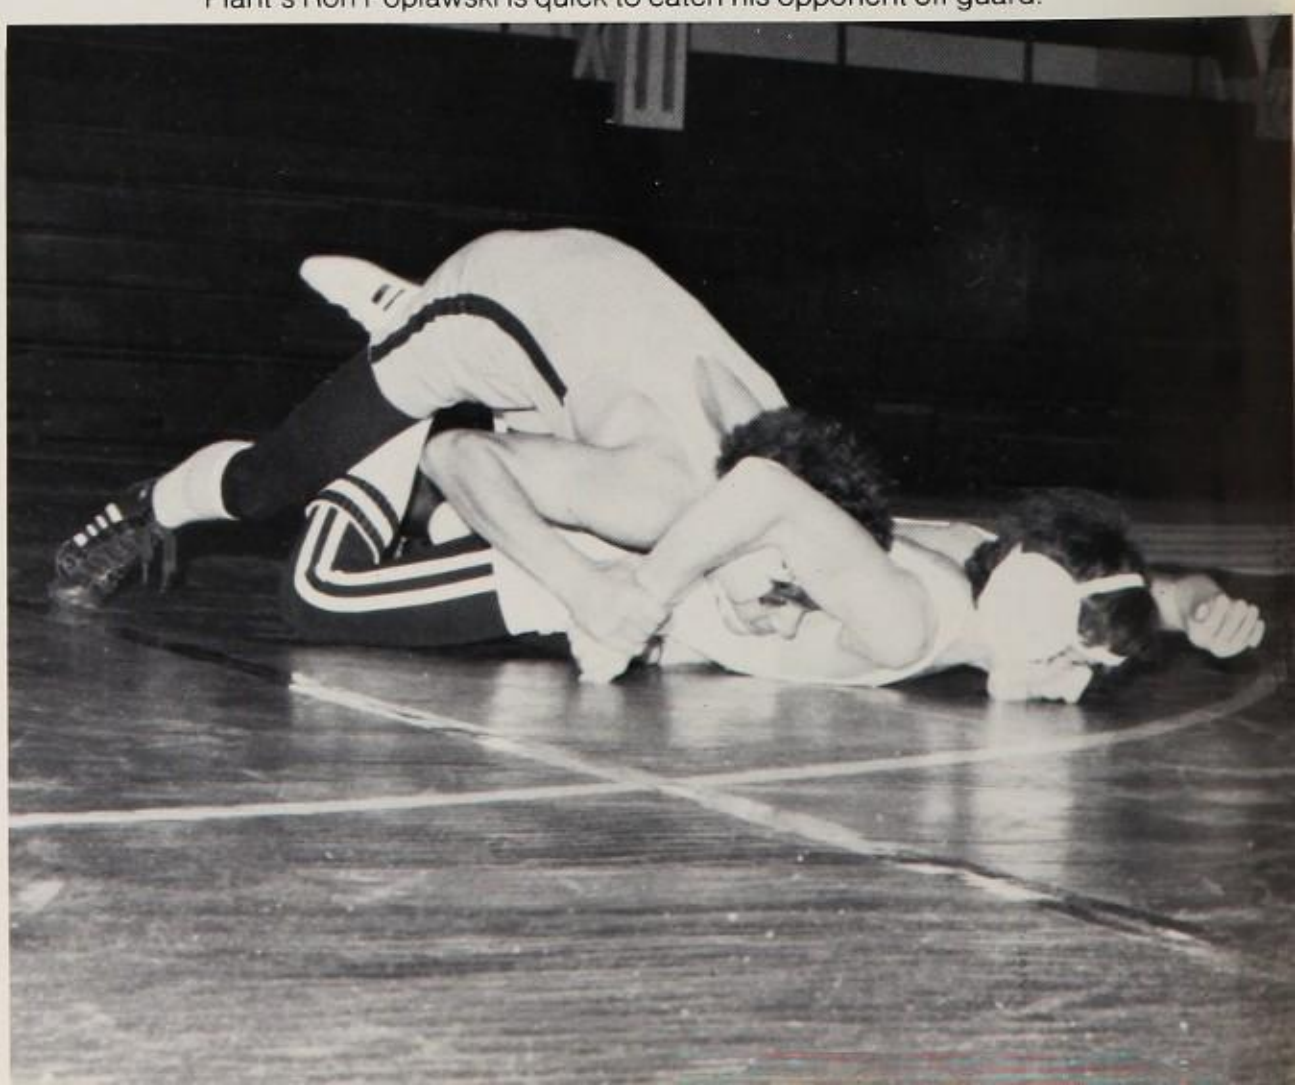
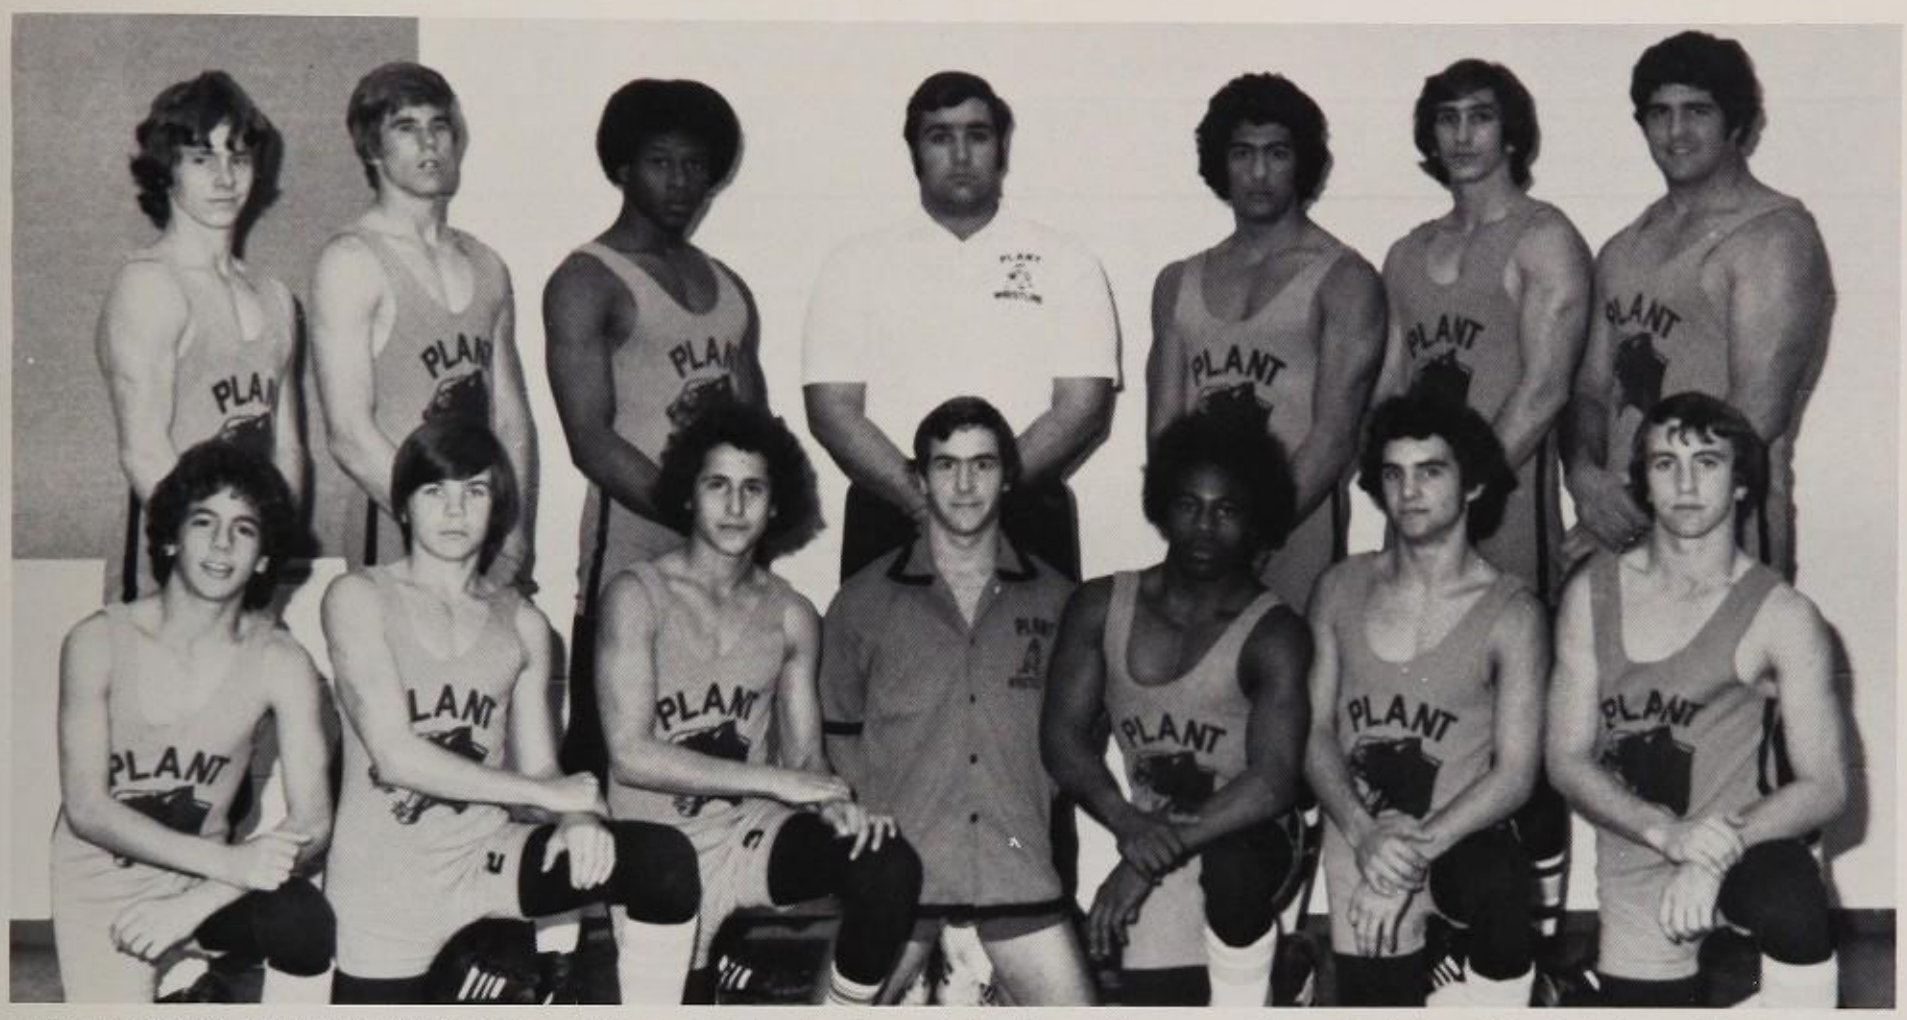
Issac Kelly goes into a difficult ball and chain hold.

Using strength and agility Bill Allen pins a Robinson Knight.

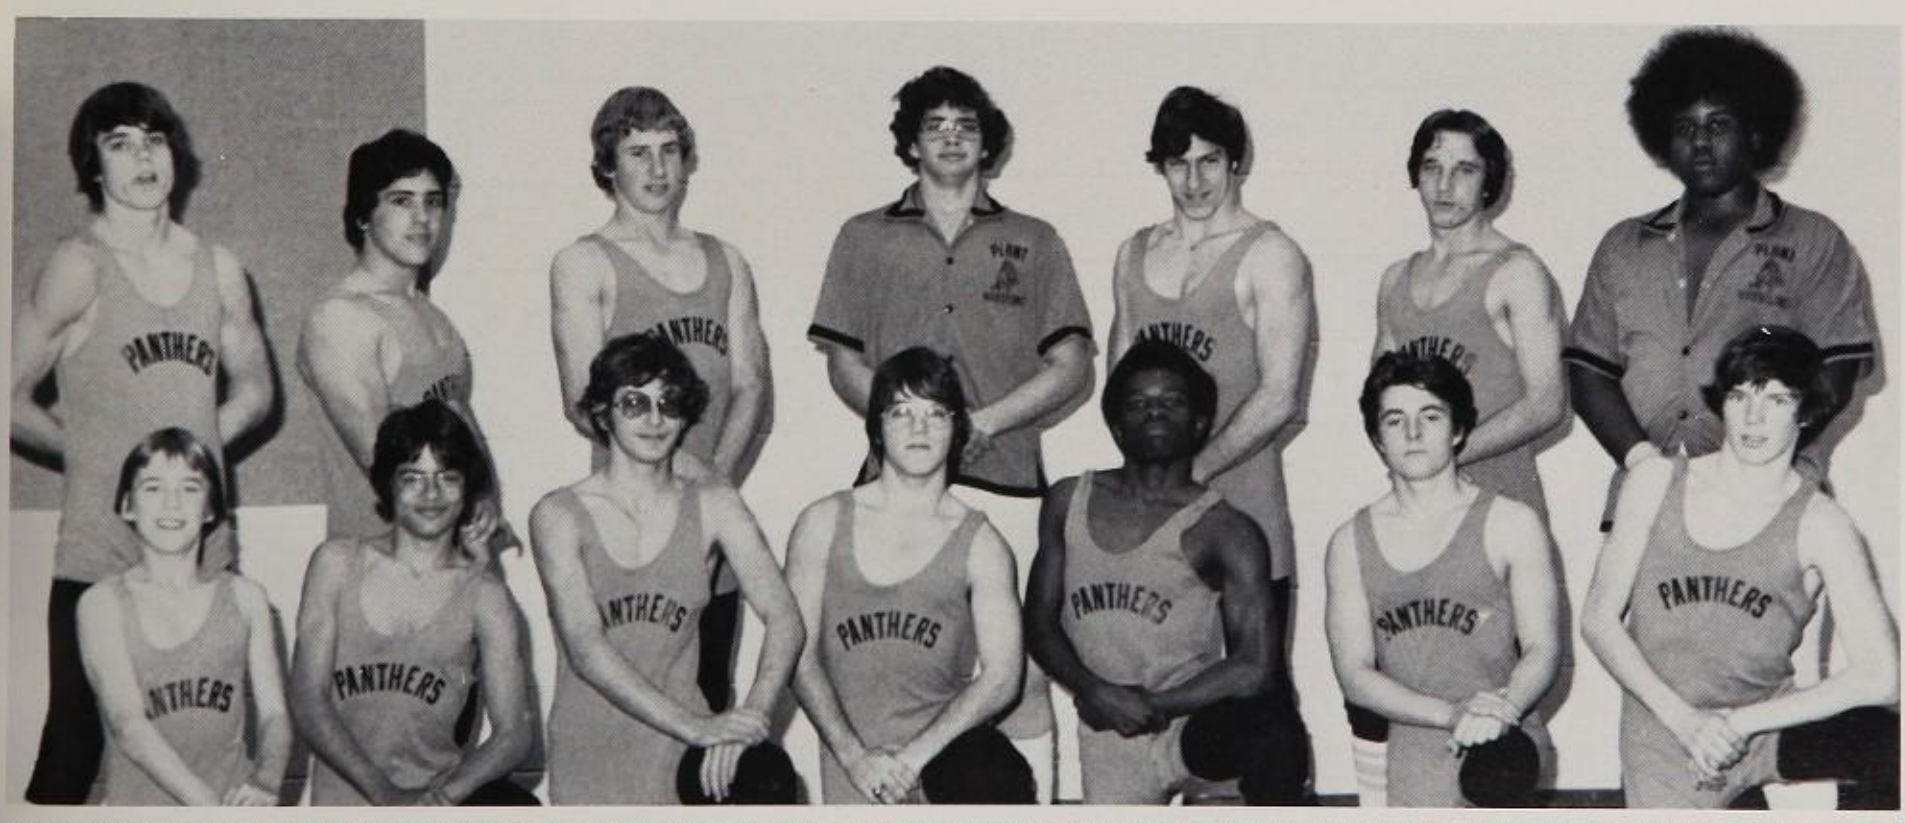
Plant's Ron Poplawski is quick to catch his opponent off guard.



Joel Sousa gains points from his maneuvers during a match.



LEFT TO RIGHT, BOTTOM ROW: Richard Catron, Sid Jordan, Issac Kelly, Coach Sussman, Dave Gadarian, Mike Steinberg, *Wally Hough. *TOP ROW:* Steve Grandoff, Bill Allen, Steve Brunhild, Allen Davidson (Asst. Coach), *Tony Conyers, Ron Poplawski, Joel Sousa. *Qualified for State Finals.



LEFT TO RIGHT, FIRST ROW: Charles Bradley, Allen Bolsy, Richard Brachman, George Kuhn, Randy Conards, Bruce Waldo, Jeff Hansel. *TOP ROW:* John Richards, Steve Gonzalez, David Tucker, Ralph Hall, Don Fahey, Allen Everett, Trent Brown.

Cross Country Teams Endure Rough Season

The 1975-76 Cross Country teams, coached by David Conrad, were beseiged by injuries and sickness on route to a disappointing season. The boys' team, headed by Segundo Iturriaga, finished tenth in the district meets. Even though the overall record wasn't what they had hoped, there were many long hours of hard work to perfect their running skills, The girls, worked very hard as well, finishing ninth in the conference. The team, led by Sheila Henderson and Lynn Schumaker, also competed in the district meet. All in all, both teams are expecting good seasons next year with many returning lettermen.

Segundo sets pace.

BOTTOM ROW, LEFT TO RIGHT: Sheila Henderson, Remy Baizan, Sandy Dolgin, Carl Fuller, Joel Sousa, Ron Poplawski, Lynn Schumaker. *TOP ROW:* Segundo Iturriaga, Hunter Wiley, Brian Phillips, David Pattishall, Bill Jaison, and Mike McCoy.

Tommy shows his style.

Plant High's Swinging Students

This year's golf team found last year's golf record a hard act to follow. Composed of nine members, four of them returning from last year's team, the Plant High golfers strove to achieve perfection. Much time was spent practicing for the team's upcoming matches. These many long hours spent in practice was one of the main contributing factors that made the Panther golf team one of the best in contention for the 1976 western conference division and state playoffs.

LEFT TO RIGHT, BOTTOM ROW: Peter Holmes, Greg Chapman, Clay Bryant. *TOP ROW:* Bret Penick, Bobby Watts, Tommy Wilson, Charlie MacFadden, Scott Tarnow.

CLASS

Don't you feel the day is comin'
and it won't be too soon
When the people of the world
can all live in one room

Class of '76

The class of '76 displayed superior leadership and responsibility throughout the year. They received commendations for outstanding performances in both academic and athletic fields.

Senior officers were: President, Tony Toledo; Vice President, Bill Kendrick; Recording Secretary, Debra Palmer; Corresponding Secretary, Patty Peel; Treasurer, Therese Gonzalez.

Under the sponsorship of Mr. Frank Puleo, the seniors made their plans for Grad Night at Walt Disney World. They also ordered graduation announcements and senior caps and gowns in anticipation of that glorious final day of high school. The senior banquet was held at the Airport Hotel to top the year off with more laughter and memorable experiences together.

The class of '76 was truly one to be remembered for their excellence in all aspects of school life at H. B. Plant High.

Treasurer, Therese Gonzalez; Vice President, Bill Kendrick; President, Tony Toledo; Secretaries, Debra Palmer and Patty Peel.

Juniors Keep Spirited

The Junior Class was very happy with the outcome of their officer elections this year. David Dude served as President, assisted by Heidi Howell as Vice President. Serving as Secretary was Jan Leone, and Martha McGriff was Treasurer. In January, the Junior Class sponsored the Powder Puff Football game. Their profits went to finance Senior Day, held in May. Other money raising projects included car washes and doughnut sales. The Juniors' spirit shone throughout the year at pep rallies and other assemblies. Under the sponsorship of Miss Patterson, plans and projects were constantly proposed, but the main goal of the officers was to make the Junior Class as great as it could possibly be.

Busy Year for Sophs

At the beginning of this year, four qualified sophomores were chosen by their classmates to represent the baby panthers. These sophomores were: president, Shelton Buck; vice president, Steve Prevatt; secretary, Karen Merz; and treasurer, Heidi Elstun. The sophomores' money raising project this year was to sell pennants with the school's name appearing on them. The officers worked extremely hard all year long, and Mr. Gore was always on hand to help them make important decisions.

Val— well if goes back quite a ways — two years with good ole Thames (eody and his notes to you — "No, for the last time") wilson had its good points — those of which were the fun we had together. remember parker she was a super lady. then high school— of the two and during these two years we've come to know each other pretty well — a friendship can never stop growing. we haven't had enough time together to suit me — i only wish i would be here next year to share our senior year, last of high school, together — but you know what they say— all good things must come to an end... i hope our friendship never does — i will always wish the best for you and think of you even when we are away — i'll miss Plant and yah and all my other good friends— study hard next year — go on to do well in college — see ya further up the road. peace and love...

Thanks Kids, You've Been Real Pals!

There are people to whom great thanks must go, because without them, making this book would have been impossible. We are indebted to our friend Cat Stevens, who gave us his permission to use his song in our opening section. "Thanks, Cat." We also thank Mr. Ron Binns whose visits were long awaited. Taylor Publishing Co., thanks a lot for the fudge factor! Mr. Marley, you've been good to us! We owe great thanks to "Uncle" Frank Meier for all of his? help. Let's not omit the generosity of Frank, as he donated his tree to our cause. Thanks go to Rick Nault, I don't know what for, just thanks. John, you've given us your two-cents worth. We guess we thank you. And to Carol for lending a hand along with the other guys at Bryn-Alan. Thanks to National Airlines we had an okay to board a plane to take pictures, but that fell through. Thanks Funland, your speedy gocarts were great. Thanks go to Linnea Carlson, who went on a mercy mission for us. Lou, you were a good sport, thanks for the Index. Thank you staff, it's definitely been an experience working with you!

Thanks again,

Debbie
Carol
Elizabeth

We Salute Our Advisor

The Editors of this book, would like to thank a very special man for all of his help, concern, respect, and consideration. "Colonel Bob" Stinson has been the yearbook and newspaper sponsor for many years. He has let us, as well as Editors before us, use our imaginations to put together a great book. We felt it was time to say "Thanks." This year, he has helped us in getting our own new office, in meeting our sneaky deadlines, in last minute details, and in being our buddy. We could never find a better, more appreciated and loved man for our Advisor. "Thanks tons Stiny!"

"You Mean We're Done?"

"That's not an elite typewriter, that's a remington!" "Tiko, the wolfdog!" "Is Robert Tolbert any relation to Chip?" "Sue's at Big Al's." "HO COW!" "Maybe it was the one that burned down." "Tell Rocko, her zipper is down." "Peg, remember to wear all your clothes." "Michelle gets the marksmanship award." "Jeff, did you wet your pants?" "For the last time, it's the publications room!" "What room do we move to today?" "Who is that man with the black purse? . . . man . . . eh!" "Linnea's gone on a mercy mission." "Debbie didn't get any cookies for breakfast." "Follow that cigar scent!" "HOW MUCH does a job stamp cost?" "Leaving on a jet plane." "Mazola is 35¢ extra." "Mikie, Mikie!" "Don't dump it so close to Frank's house!" "Ya'll, I'm really mad." "Lisa, that's S-M-I-T-H!" "All butts up." "Carol, lock up please." "Peg, shut the lights, and close the door." "Shellie, it's 28 to 32!" "Amy needs class!" "Watching them grow into full-fledged reporters." "Janice inhales peanut butter and jelly." "In is *not* a verb!!" "Tom, let's try it again, only this time, let's take the lens cap off the lens." "Will Marshall Jim Lynch Mark?" "Ann gets a locker room pass." "MONKEY, GORILLA, MONKEY GORILLA! Well, at least it'll be a primate." "There goes Frank's tree!" "The boy-in-blue, alias Bonzo too, alias The Green Knight, alias The penny pincher." "Where's the ad girl?" "Yes Debra, I realize it's Washington's birthday, but I don't believe he's on the staff." "Carol, want to make an easy five?" "Where's Wendy Wakelwurry?" "Lou's going to type for the staff follies." "Jody, don't dribble that camera!!" "This has been another GoomessJess production. But ththththat's all folks!"

Carol got all mixed up.

Debbie was the skool-marm.

What famous dictator does Elizabeth remind you of?

Janice had other talents, we thought.

Susan returns from another golf incident.

Lisa likes her chips!

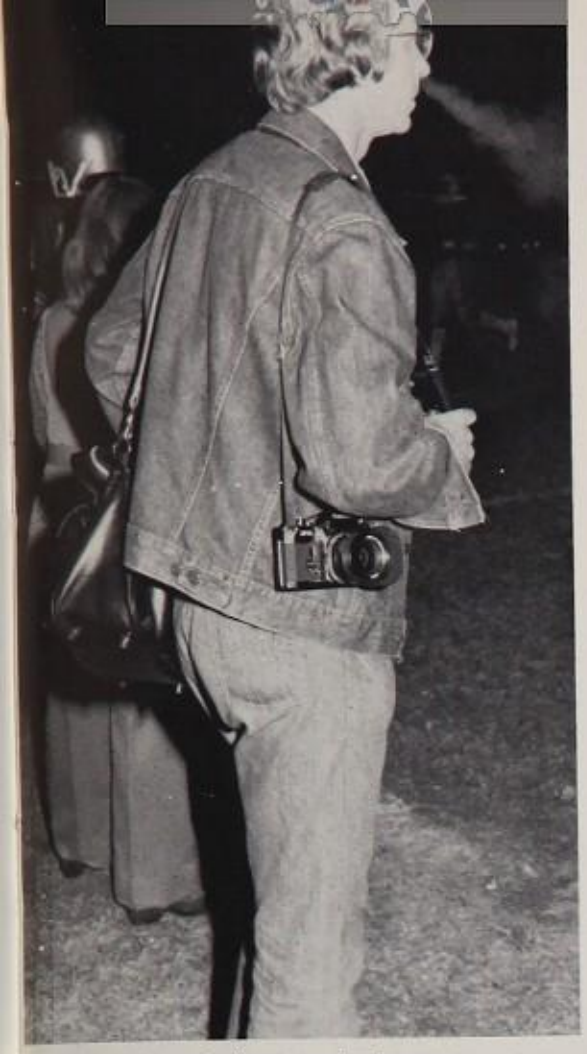
Lou types with both hands tied behind her back!

Michelle is in the corner — NOTE

Debra answers the question, "How's annual comin'?"

Photogs resemble their cameras after awhile.

The end . . .?



Frank, the magic dragon . . .

Tom carefully plans his schedule.

Shellie, Mary and Mark; working?

A common sight for Jeff and Doug.

Carol didn't get that excited every day.

Chips' busiest day of the year.

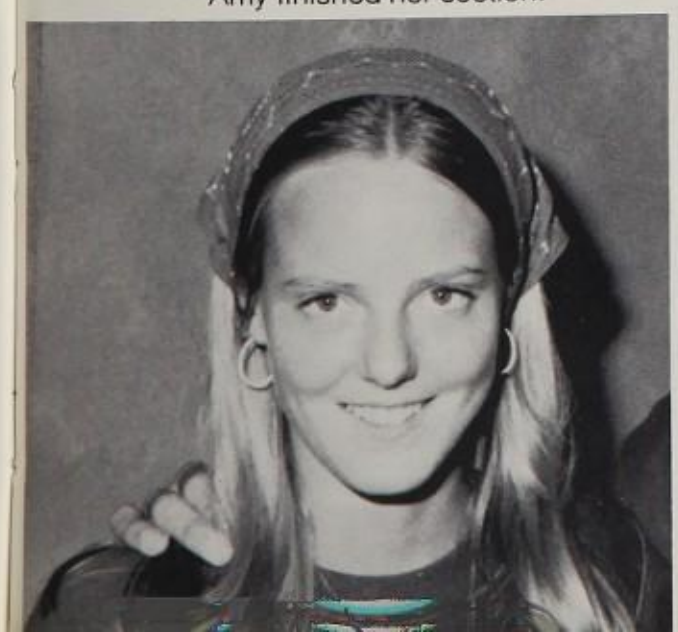
Peggy B. had a warm smile for everyone.

Marshall Jim rounding up the posse.

Ann used speedy touch typing.

Carolyn's delighted about something.

Amy finished her section.



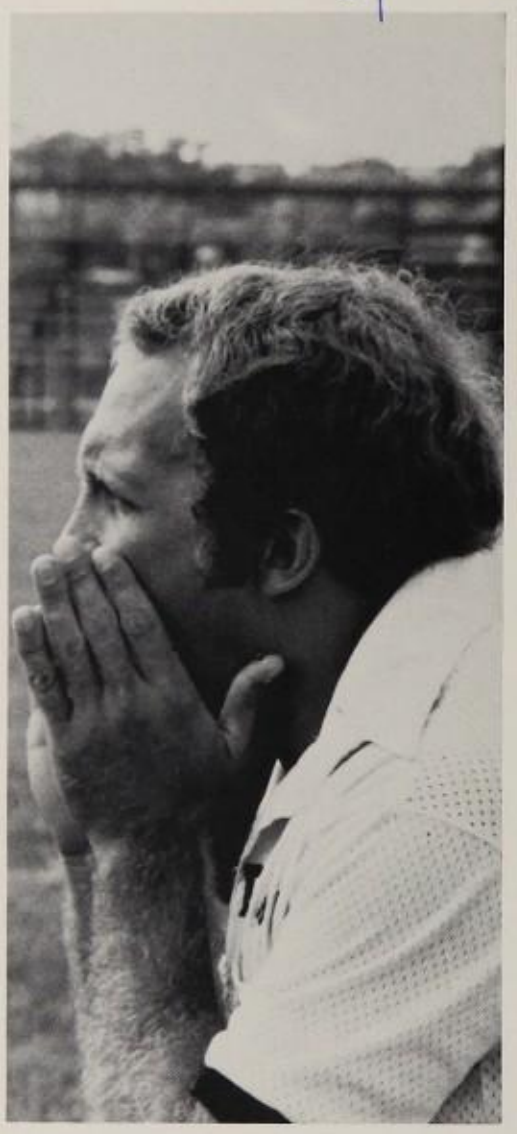
Christopher, Wendy, and Mike were members of a line up.

...al, You the greatest big ...one could have. I'm so glad I met you this ... you a great friend. Have a wonderful summer and I hope I see you at beach week. Watch out for Joe. Love ya, Poots

P.S. - OPTIMETES #1

Valerie,
I'm glad I got to know you this year. And last. You really are a great person. You're fun to be with and you're really smart. Remember all the Optiplumber parties? I wish you success in everything you do. Good Luck in the future.
Love,
Frances Tarusso

Don't you feel a change a comin' from another side of time.



Zayeroski,
Its been nice having you in Chemstudy this year. Hope we'll be in some classes together next year. If you hit the beach this summer look for me. Good Luck!

ear. Do you remember all the times we spent hours just sitting around telling those dumb elephant jokes? They really are pretty funny. Or how about all the times we would sit over at your house just waiting for the slightest hint of life across the street and then two seconds flat we were outside on bicycles. I want you to know that I really did want to visit you all those little unexpected times I just "dropped" in. I really did "just happen" to be in the neighborhood. There's absolutely no doubt about it - we've done some pretty crazy things together. Remember how worried we were because we didn't know if we made Optimettes or not? Look at us now - soon to be big, important seniors with a place on the board. I never thought I'd see the day. We're going to definately have to make a lot of great memories next year. I should say a lot more great memories - I've already got millions! I guess the old saying "your high school years are the best

Valley ... !

Can you believe how fast this year flew by? Senior year will go by even faster. I want you to know that for all the times I've joked about your studying so much, I didn't really mean anything. I should be a lot more like you in that respect. It's one of the many qualities I admire most in you. I know you'll get all you want out of life. Even being a pathologist. As the song goes — "Different strokes for different folks." As a doctor there is one thing you must dedicate your life's work to. That is finding the cure for Muscular Dystrophy. Just because we trip over cracks in sidewalks doesn't mean we should be any different than anyone else. It's too bad our old Beach Week group can't stay together again this year. You've got to admit that, even though we all fought a lot, it was fun. But the best part is that the person to whom I was, and still am, the closest is you - and we'll be together for Beach Week and a very long time after that. I promise, and give you my word of honor (for what ever that's worth!) that I'll be on my best behavior. I'll bring a pair of rubber gloves for kitchen detail, and I've been practicing towel folding for weeks. I'm serious - I haven't quite got it perfected but I'm working on it (you may think I'm being sarcastic, but I'm really not.) We really will have a good time, though. All I ask is that I don't wake up with a finger in my

Val,
Its been really great getting to know you this year. Your the first person I've met that wants to be a pathologist too! Good Luck! Have fun over the summer.

Val,
I may not show it, but you are really a good friend to me. I am so glad you are my friend. We are not that close because we are only in one class together, I really would like to be a good friend. Maybe when Greg leaves at can [illegible] close
